

Dear Parents:

Our library contains some very useful resources for parents and some wonderful kid's books for their children. Children with a hearing loss as well as children with speech and language difficulties benefit tremendously when their parents read and look at books with them. We hope you will make good use of our library during your time with us.

Kids books – maximum of 3 books at a time

Adult book – maximum of 1 book at a time

Once materials are returned, additional items can be loaned.

Resources can be borrowed for 4 weeks for local families. Outreach Families have 6 weeks to allow for shipping back and forth.

Families are encouraged to have their local community service providers assist them in returning resources.

We have a limited budget for our Parent Library. Therefore we ask you to read and sign the following agreement prior to borrowing library materials.
