Dear BC Family Hearing Resource Centre families,

Re: Frequency of sessions with Early Interventionists

In the last few weeks our interventionists have held heavier than normal client/family caseloads due to a number of factors, including but not limited to having staff on leave and an influx of new families signing on for services. As a result the frequency of sessions for some families is not at the level which they wish it to be.

We are currently hiring in both Surrey and Victoria in hopes of alleviating this demand. In the interim, if you have questions or concerns regarding the frequency of your intervention sessions please speak with your Early Interventionist or contact myself directly (information below).

We ask for your patience and understanding during this busy time.

Sincerely,

Dr. Noreen Simmons
Executive Director
BC Family Hearing Resource Society
