

Join us on Tuesday mornings for our Baby Groups!

## BOUNCY BABIES

In Bouncy Babies, parents learn how to promote early language development through songs, rhymes and books, and explore topic-based discussions. This group is led primarily in spoken English with ASL-English interpreting provided. First and third Tuesday of each month.

## PEEKABOO BABIES

In Peekaboo Babies, parents learn how to promote early visual language development through play, explore a bilingual-bicultural (Bi-Bi) approach to communication development, learn ASL rhymes, and explore topics related to Deaf culture. This group is led primarily in ASL with ASL-English interpreting provided. Second and fourth Tuesday of each month.

Both groups are for d/Deaf and hard of hearing children aged 0-18 months and their parents, led by an Early Interventionist, an Early Child Educator/Deaf Role Model, and a Family Support Parent. They provide opportunities to meet other families, share experiences, learn communication strategies, and have fun!
